

SLAYS GIRL, HACKS TWO, KILLS SELF

Former Convict Uses Axe To End Life of Petaluma Maid, And Commits Suicide After Striking Man and Woman

Father and Grandmother of Victim of Maniac Also May Die; Body of Murderer Is Left Lying Where He Died

Special to The Tribune.

PETALUMA, Aug. 19.—Charles Hoffer, a former convict, early today attempted to wipe out an entire family after an assault upon a 12-year-old girl, and then killed himself by slashing his throat with a razor. The victims are:

EVELYN GRANT, 12 years old, dead, her head almost severed by a razor.

JOHN GRANT, her father, probably fatally injured.

MRS. EMIL BARDENHAGER, mother-in-law of Grant. Physicians have little hope of her recovery.

The crime took place at 2 o'clock this morning, but was not discovered until 5 o'clock, when passersby noticed bloodstains on the sidewalk in front of the Grant home, the left by the murderer.

THREATENS TO KILL YOUNGER CHILD.

Chief of Police Mike Flohr was notified and investigated. He found the body of Evelyn, mutilated. In another room he found Grant and his mother-in-law, unconscious on the floor.

A posse was organized and the trail of the murderer was followed to a field a mile away, where Hoffer's body was found. His throat was cut with a razor.

Hoffer gained entrance to the Grant home by climbing through a window in the bedroom occupied by Evelyn Grant and her sister, Leona, nine years old. According to Leona, who was not seriously injured, Hoffer grabbed the elder girl in his arms, whereupon she screamed. With a curse he threw her back into the bed, turned on the light and produced a razor from his shirt pocket. He then slashed her throat.

"You make any noise and I'll kill you," he told the younger sister, who at that point he lunged at her and threw her against the wall. The father, hearing the disturbance, entered the room and rushed at Hoffer. He picked up a box and struck him over the head. As he fell Hoffer struck at him again, severely wounding him.

OF SISTER.

ATTEMPTED PASSERSBY.

He then ran into the other room, where he met Grant's mother-in-law. He struck her over the head with the box and then returned to the front room, where he further mutilated the body of Evelyn.

Striking the younger sister with his fist, the maniac rendered her almost unconscious. No one knew of the crime until early this morning when, attracted by the cries of Leona, two men stopped in front of the Grant home and noticed the blood stains on the sidewalk.

Hoffer, after committing the crime, went to the John Rhode Ranch, where he has been employed. He carried with him a razor, paper and pencil, according to Rhode.

NOTE RESIDE.

He then went to his alfalfa field near by and slashed his own throat, leaving the following note:

"I had to do this. I have black-burned my way into the note is a Petaluma undertaker.

Physicians say Grant and Mrs. Bardenhager cannot live. Both are at the Petaluma General Hospital, where Grant has not regained consciousness. Mrs. Bardenhager spoke a few words shortly after she had been taken to the hospital, but then lapsed into unconsciousness soon after.

Hoffer is believed to have left the house on Sunday, and that all were dead.

A \$1000 bail as a result of charges having been preferred that he had made improper advances to Evelyn Grant, the girl whose life he ended. Some years ago he was sent to the penitentiary for a similar act. Although sentenced to serve fourteen years, he was paroled after serving a short time ago on parole and returned to Petaluma.

A week ago Evelyn Grant complained to her father that Hoffer had made improper advances to her, whereupon Grant asked for a warrant for his arrest. Hoffer heard that Grant was seeking to have him arrested and warned him that he would be sorry. His act early today is believed to have been committed as a fulfillment of his threat.

Mrs. Rose Grant, mother, and late today Marshal Flohr had been unable to locate her to notify her of the tragedy. A younger brother of the slain girl was at home, but was not with Hoffer.

Five in Battle To Secure Child

Joseph Murphy and his wife, 1010 Tague street, San Francisco, battled three hours today for custody of their 10-year-old child, who was being held by a police riot squad. The couple fled and escaped.

According to the story told Police Detective Emigh and Patrolman Tischer, leaders of the squad, by Mrs. A. P. Torrance, 1015 Webster street, in front of whose residence the fight occurred, the child, Joseph Jr., was placed in her custody by Superior Judge Johnson three weeks ago.

Today Murphy and his wife attempted to take the child with them. For nearly twenty minutes five parents, four women and one man battled for the custody of the child.

Convict Slayer of Girl, 12, Was Freed On Parole

THIS is the record of Chas. Hoffer, who was responsible for the death of Evelyn Grant of Petaluma and for the injury of her father and grandmother, who are not expected to live:

Sentenced in 1911 to serve ten years for attacking a child. Released on parole recently after he had served five years of a ten-year sentence.

Attempted to attack Evelyn Grant a week ago, whereupon the child's father sought to have him arrested. Hoffer, told Grant over the phone if he were arrested Grant would be sorry.

Hoffer arrested and released on \$1000 bail furnished by Petaluma men, who believed that Hoffer was "all right."

Girl of 14 Tells Story of Effort To Kidnap Her

Declares She Was Gagged and Bound To Chair While Mother At Theater.

What is believed by police, who are investigating the case today, to have been an attempt to kidnap 14-year-old Elsie Dixon, 681 Fifth street, was frustrated last night when an unknown man who had forced his way into the house became alarmed at the screams of the girl and her younger sister, and made him escape after he gagged and bound the child to a chair in the kitchen. A few minutes later Elsie managed to work herself free and screamed for help.

Her cries attracted the attention of Sam Goldberg, 687 Fourth street, who was passing. Goldberg found the girl in a hysterical condition and tied to the chair. He freed her and notified the police.

CHILDREN HEAR NOISE OF INTRUDER.

According to the story told the police today by Mrs. Annie Dixon, the girl's mother, she and the rest of the family left the house last night to attend a theater. She left Elsie in bed with her 11-year-old sister, Lily. The mother had been gone about an hour, making the time about 8:30, when the girls were awakened by someone who was prowling about the house.

"I am going to call for help," Lily told her sister.

No, don't do that," cautioned Elsie. "Wait and maybe he will go away."

The girls waited for further signs of the intruder and fell asleep.

Elsie awoke a few minutes later, the mother says, to find her feet and a tall, masked man bending over her. The man lifted her from the bed and carried her to the rear of the Dixon's apartment, which is on the second floor, and down stairs. He had just reached the bottom of the stairs when he saw a neighbor, and the girl screamed.

ALLEGED KIDNAPER TAKES TO FLIGHT.

Apparently believing the cries would attract attention, the man mounted the stairs and carried the child to the kitchen. There he sat her in a chair and drew a big razor. "If you make any more noise, I'll kill you," he said, and then tied the girl to the chair with pieces of rope he found about the room.

After he tied and gagged his victim, he fled.

HIGHTOWER PLEADS NOT GUILTY, HELD

Prisoner Accused of Killing Father Heslin Is Secretly Taken Before Judge Who Issued Warrant For Arrest

Will Be Confronted By Doris Shirley, For Whose Love Police Believe Crime Was Committed To Raise Money

William Hightower, charged with the murder of the Rev. Patrick Heslin, pleaded not guilty to the charge this afternoon.

Hightower was held to answer before the superior court on the charge of murder.

SAN BRUNO, Aug. 19.—Removed secretly from the San Mateo county jail, William Hightower, charged with the murder of Father Patrick Heslin, was brought here early this afternoon and arraigned on the murder charge before Judge Ellis C. Johnson, who had issued the warrant for his arrest.

Plans for his arraignment were kept secret until after Hightower had been taken from the county jail in a closed automobile and brought here.

District Attorney Swart stated that only sufficient testimony would be introduced this afternoon to ensure holding Hightower for the superior court.

The prisoner faced his "modest, brown-eyed girl" Doris Shirley Putnam and her husband, Lee Putnam. Other witnesses present were Dr. W. A. Brooks, coroner of San Mateo county, and S. A. Landini, Captain of Detectives Donald Matheson, and Miss Marie Wendel, housekeeper for the murdered priest.

DORIS SHIRLEY DENIES HIS STORY.

She asked questions. Dramatic in the extreme was the testimony of the Shirley woman. She told of her relations with Hightower from the time she met him in Salt Lake City until she parted company with him the night before Father Heslin was murdered. From her own lips Hightower learned that she had been a prostitute, had completely shattered his alibi and that she had married another man.

Hightower asked her but one question, inquiring whether she would accompany him on a trip to the beach toward Salada Beach on which the machine broke down. She replied she did not remember it.

His wife then wept and sadly asked her for a few seconds and then remarked:

"Well, well, little girl, your memory is surely very poor."

Other witnesses told the story of the finding of the body, the rental of the Ford automobile on the night of August 8, and the subsequent investigation. No new facts were brought out.

Judge Johnson directed that Hightower be held without bail.

REDWOOD CITY, Aug. 19.—District Attorney Franklin Swart of San Mateo county indicated today that he was about to bring charges against William Hightower with the full weight of evidence that has been assembled to convict him of the murder of Father Patrick E. Heslin. All of the evidence is in the hands of the police from the prisoner there is none, Swart believes, that holds so much of power or promise to break down his resistance as that which concerns the marriage of Doris Shirley to Lee Putnam.

The police are more than ever convinced that love for Doris Shirley was a desire to get money with which to hold her for the motives for the crime.

"She did not have more than \$2 when I saw her last," he has said repeatedly, "and unless someone is caring for her I do not believe she can get along. Doris is not the kind of a girl who can get along without money."

The prisoner is preparing for his defense and intends to put up a determined fight, according to those who are familiar with him. A part of his defense will be that he is an idealist to whom such a crime would be of material aid.

"Old Stuff," Says Hudson Maxim of Einstein Theory

(By Associated Press)

NEW YORK, Aug. 19.—Professor Albert Einstein, widely heralded as the father of the theory of relativity, was but a small boy when the fundamentals of the theory were first advanced, according to Hudson Maxim, inventor, author and publisher. Speaking at Carnegie Hall last night, Maxim said that he had set forth the basic principles of relativity in 1889. He cited a magazine article written by him for a scientific publication in that year in support of his claim.

Rail Labor Wins Fight to Retain Overtime Wage

Carriers Also Score Points in Decision Handed Down By Federal Board.

By J. L. O'SULLIVAN, United Press Staff Correspondent.

CHICAGO, Aug. 19.—The United States railroad board today upheld the principle of time and a half overtime for all railroad shopmen after an eight-hour day.

The board also granted time and a half to all shopmen on Sundays and holidays and "penalized" the railroads for Sunday work, except where such Sunday shop work is "absolutely essential."

The decision, however, modifies seven of the most important rules granted shopmen during federal control of railroads, granting the railroads several important concessions. The board declared the contention of the road that these rules were unjust and unreasonable is correct.

BOTH EMPLOYEES AND RAILROADS WIN POINTS.

While the decision is considered a sweeping victory for the employees as regards overtime, the railroads won many points in the modification of the rules, and A. O. Wharton, labor member of the board, filed the dissenting opinion in a decision of the board.

The decision holds that:

1. Work performed on Sundays and legal holidays by shopmen shall be paid for at the rate of time and a half for overtime, except for operation of power houses, millwrights, train yards and other crews regularly assigned to Sunday work. They will be paid regular week-day time.

2. After eight hours' work on week days, overtime will be paid at the rate of time and a half rate.

3. Employees required to work during the period of the lunch hour will be allowed one hour.

4. Employees called from regular work at shops for emergency work on the road will be paid from the time they leave the shop.

5. Employees sent from shops to fill vacancies at any point will be paid hourly from the time they leave the shops.

EIGHT-HOUR DAY GETS FULL RECOGNITION.

6. The eight-hour day is given full recognition.

"The railroad board has decided that the seven rules approved by the board corresponding to the seven rules of the national agreements are just and reasonable," the decision declares. "They shall apply to each of the carriers set out herein, except in such instances as any particular carrier may have agreed with its employees upon any one or more of said rules."

The railroads won their point in securing a modification of the overtime "five-hour call" rule with pay, which is cut to one hour.

California Girl Wins Way Into Tennis Finals

FOREST HILLS, N. Y., Aug. 19.—Miss Mary K. Browne, Santa Monica, Cal., won her way into the final round for the American national championship here this afternoon by defeating Mrs. S. V. Hitchins, Mexico City, in straight sets, 6-2 and 6-0.

Mrs. Molla Mallory defeated Mrs. Mary Sutton Bundy of Pasadena, 8-6 and 6-0.

Mrs. Mallory and Miss Browne are thus the contestants in the finals. Miss Browne and Mrs. Louis Williams defeated Miss Edith Handy and Mrs. H. T. Eaton in the doubles, 6-2 and 6-0.

Miss Langlen, with her party, arrived at 4:15 to see the Mallory-Bundy match. She sat in a box on the clubhouse veranda and chatted with friends.

Mrs. Mallory, the champion, and Mrs. Bundy won the first game when Mrs. Mallory smashed out of the court. The score was 7-5.

Mrs. Mallory scolded in the second game and broke through the service of the California woman, who was having difficulty in getting over the net and won the game, 4-1.

In the third game Mrs. Mallory, with her clever placement shots, succeeded in breaking through the California woman's service again and won, 4-2.

Aided by Mrs. Bundy's errors, Mrs. Mallory took the fourth game, 4-0. Mrs. Bundy then rallied and won the fifth and sixth games, 4-2 and 4-1.

SEVEN HURT WHEN STAGE LEAVES ROAD

Iron and Concrete Posts Tear Out Side of Automobile Bus, Hurling Passengers Out When Car Blocks Path

One Man Loses Leg, Woman May Lose Arm, Another Fractured Skull; Accident Occurs Near San Leandro

Seven passengers were injured, three seriously, when a loaded auto stage coming to Oakland from San Jose, left the road today near San Leandro and struck a row of iron and concrete posts. The entire side of the big automobile was hacked away as the big car was sidwiped against the posts. Those injured:

MRS. ALICE RAAD, Hayward, fractured skull, cuts and abrasions, heavy loss of blood and probable internal injuries. Recovery doubtful.

MRS. C. W. NULL, Hayward, leg amputated at knee, internal injuries. Has chance for recovery.

FRANK OYEDA, Chinese, San Jose, badly cut; will recover.

RUSSELL HAMAGA, Chinese, San Jose, treated for cuts and bruises.

RAYMOND CARACAROLA, Decoto, loss of blood; will recover.

The stage, driven by Dick Vlasov of San Jose, was but two blocks out of San Leandro, at Fourteenth street and Oaks boulevard, when, it is said, a small car started to turn around in the highway. The choice to Vlasov was collision with the car or taking the chances of swerving off the road. He had but a flash of time in which to decide and he turned the wheel sharply toward the right, and plunged, bucking and pounding, into the posts. August Wallenburg, 1823 Hearst avenue, Berkeley, was the driver of the small car. He was injured and has been most seriously injured. The passengers were thrown to the road.

The injured were taken at once to the county hospital at San Leandro. It was found necessary to remove Aterbury's leg at the knee and to operate on Mrs. Null, whose skull is believed to be fractured.

After the accident, Mrs. Null's condition was critical and that it was thought that Mrs. Null was in danger of death. It was announced, however, not seriously hurt.

The stage was one of those operated by the Peerless Stage company, and was being driven by Wallenburg turned around in the highway and placed his car broadside to the approaching stage.

The panther landed in front of the car, and as the automobile passed, jammed the front wheels for an instant. The driver, who was in the front seat, was thrown out of the car and lay on the ground. Five large salmon were strapped to the car, and it is supposed the panther had smelled them.

Does Fireside Lure Her?

Is she to be the newest bride of Crane Wilbur? Broadway has heard the rumor that Martha Mansfield and the Oakland actor are to marry, but Wilbur says there is no truth in the story. In the meantime the handsome hero says he is looking for a wife, a girl who loves a home and who would be a "pal."

'Fireside' Girl Is Crane Wilbur's Ideal of Wife

Oakland Actor and Writer Is Seeking An Old-Fashioned "Pal."

Crane Wilbur, actor, writer and matinee hero, whose every appearance on the stage is said to be accompanied by a fluttering of feminine hearts, is looking for a new wife. Incidentally his declaration of the necessary attributes has given new impetus to the stock of the "old-fashioned" girl. What he wants is a girl who is a home body, a girl who is a "pal" and a girl who has a mind and understanding.

The Oakland actor who at one time made practice of issuing advice to the lovelorn, the politician, and anyone else who would read, has preserved all of the philosophy of a "Man of the East" play. What he wants is a girl who is a home body, a girl who is a "pal" and a girl who has a mind and understanding.

"I think I'll find a girl like this some time," Wilbur said in New York after he had denied a report that he was to marry his leading lady. "I insist on hanging onto the trustfulness of youth."

New York is wondering if Wilbur's idea of the trustfulness of youth is that credence which gives a good story press agent value, or if he is sincere in his declarations. Knowing his popularity, and his pugnaciousness, has been the envy of motion picture men and collar and tie models the world over, there is prediction that the matinee hero will be besieged by the "pals" and "old-fashioned girls" of the country.

Following his divorce from Mrs. Florence Lombard Wilbur of San Francisco, New York heard a story that the handsome young actor and dramatist was to marry Martha Mansfield, co-star with him in the crook play at the Palace theater in that city. When Wilbur was asked concerning the rumor he made emphatic denial, and then outlined his views as follows:

"I haven't lost hope. If I can find a real pal, a girl who understands and has a mind, a partner, a girl who loves a home, I'll push her to the front. My wife was all that sort of thing. My wife was so beautiful and loved excitement. Our house was a sort of a convenience to use once in a while record. I think I'll find a girl like this some time. I insist on hanging onto the trustfulness of youth."

"I got my divorce on grounds of desertion. Mrs. Wilbur was a charming, beautiful girl and above reproach. But she left me. I hadn't seen her for two years before action for divorce was started. I pushed her away."

"I was obtaining a divorce from a broker in Los Angeles when I met her. I was disappointed that she couldn't adapt herself to the circumstances, mean as they were, for a time."

Members of the McCormick family told the International News Service that Mrs. Stillman was "to" to hear details of the plot.

After the man left Elsie told her
mother she managed to work the
key from her mouth and call for

another room, too frightened, she
says, to move.

According to Elsie's story the man
wore a bright red bandana hand-
kerchief over his face to conceal his
features. He was tall, spoke in a
gruff voice and was well dressed,
she said.

Mrs. Dixon told the police that a

Mrs. Nellie Smith, who resides at

spector Timothy Flynn, who is in-
vestigating the case, today that early
last night she saw a man prowling
around the Dixon home. She said
later she went to bed and was
aroused by the girl's screams. She
dressed to go to her assistance, but
as she was opening a door, she said,
she saw a man run from the rear of
the house and climb over a fence
and disappear.

Police believe that the man seen
by Mrs. Smith was the one who en-

A meeting of the rank and file
federation of workers from both
sides of the bay will be held in
the auditorium in Oakland on Sun-
day evening. The federation has
decided to ignore the Building
Trade Council in all future action
and will not ask that body to en-
dorse the plan for the recall of
Judge Sylvester McAllister in San Fran-
cisco, according to announcements
made today.

Committeemen in automobiles are
being sent by the federation to the
various jobs under way and efforts
are being made to persuade men to
quit work. Conflicting statements
as to the success of these efforts are
being issued. Petitions for the Mc-
Allister recall, it is said, will be cir-
culated next week.

Boy, 11, Comes From Texas On Brakebeam

RICHMOND, Aug. 19.—The police
are investigating the unusual story
told by eleven-year old Robert
Herald, who claims to be en route
from his home at Sweetwater, Texas,
to Yosemite Valley. The lad claims
that he is an orphan and that when
the small amount of money left by
his parents was almost gone he
learned that he was to be placed in
a Texas orphanage and that his
brother was in Yosemite Valley that
he bought a railroad ticket for as
far a point west as his money would
allow and that he has walked begged
rides from motorists and rode the
brakebeams.

The lad is being cared for at the
police station for the present.

William Powers and Guy R.
Morris, both charged with violating
the State Dope Act, pleaded guilty
before Police Judge Herbert Wise
and their cases were recommended
to the probation officer. Lim Le
who was arrested on the same
charge, was too sick to appear in
court this morning. His case will
continue until tomorrow morning.

Infected Potato Sale Causes Fine

Jose, was fined \$10 this morning by
Police Judge Tyrrell for selling po-

tuber moth. The potatoes were sold
to W. A. Rouse, a commission mer-
chant of this city. Yamakawa ex-
plained that at the time the po-
tatoes were sold he was away on a
business trip.

Heaps o' style and wear, too!

The peg top and other "fetching" touches give
Kute Kuts a real air of dressiness. Also—the mat-
terials, skillfully tailored with "every stitch guar-
anteed"—stand extra wear. Then, too, there are
plenty of patterns to select from.
Be sure to "look for the Rooster label" the next
time you buy play suits. Nearly all dealers carry
Kute Kuts, but if you can't find them, write us.
We'll tell you where you can buy them. You'll

Rhallis, Aged Greek Ex-Premier, Is Dead
ATHENS, Aug. 19.—(By the Associated Press.)—Demetrios Rhallis, former premier of Greece, is dead, it was announced today, as the result of an illness from which he has been suffering for many months.
Rhallis, although an octogenarian, has been active in Greek politics until very recently.
It was his cabinet that authorized the plebiscite on the return of King Constantine to the throne and that was in office at the time of the king's re-decision.

Revenue Cutters Seek Rum Running Craft
GLOUCESTER, Mass., Aug. 19.—The revenue cutters Gaspee and Acushnet today are searching for the schooner Arcturion, which before daybreak slipped away, after conducting a lively trading in liquors during the night. The two revenue cutters are reported combing the coast in a search for the rum-runner. Many believe she changed her southerly course and is headed for Portland, Maine, or Halifax.

American Spends Months in Death Cell of Russ Prison

By FRANK E. MASON,
International News Service Staff Correspondent
RIGA, Aug. 19.—Xenophon Kalamatiano of New York, who lived in the shadow of death in Russian prisons more than a year and a half and who came out of Russia last week with five other liberated Americans, arrived today from Riga with a story of adventure more wonderful than fiction.
Kalamatiano told of lonely night vigils in his death cell listening to the cracking of rifles of firing squads outside his cell; of how men died bravely facing their executioners; of living on half a pound of bread daily, never knowing when it would be his turn to fall before the red rifleman.
Kalamatiano, who is a graduate of the University of Chicago, class of 1902, told of his life in the prison, a life of constant fear and suffering.
"It is strange how quickly a man can adjust himself to new and strange conditions," said Kalamatiano. "For instance, I am riding on this train as unconcerned as though I was used to it and as though I had experienced no emotion in three years, all the time I was in prison, cooped up in different cells."
"Often in the stillness of the death cell in jail, I wondered if I could ever again adjust myself to motion, to the sight of a dog walking across the prison yard made me nervous."
In September 1918, I was in Samara," he said. There I heard that the reds had begun a campaign of reprisals for an attempt to assassinate Nikolai I. soon found out that the reports of red terrorism were not exaggerated.
I returned to Moscow to see what was happening and was caught in a Bolshevik police trap. I was arrested outside of the American consulate just as I was about to enter.
I spent eight days in the Tcheika prison with nightly interrogations. All that time I was practically without food. Then came a big trial with the newspapers filled with details.
"I was accused of organizing an allied intelligence service in Russia and also of being connected with the so-called Lockhart plot against the soviet government."
"They condemned me to death and I was sentenced to be executed in twenty-four hours."
"During the week I was in Tcheika, as I said, I was nearly without food and my strength and resistance became very low. Every night I was taken before the examiners, who bombarded me with questions."
"The British diplomatic agent, Lockhart, and a French general were tried with me and I was told that they were condemned to death by the proletariat of their own countries."
"A Russian colonel and myself were condemned together and were sent to the death chamber in gloomy Kremlin prison. Two weeks elapsed before the Russian officers were taken out and shot, and in the meantime I lingered in jail daily expecting to face a firing squad."
"For a year and a half I awaited execution and was then told that my sentence had been commuted to twenty years. You can imagine that after continuously awaiting death for eighteen months one becomes hardened—shock proof—calloused as to

his fate. Still later on I was told that my sentence had been cut down from twenty years to five.
CELLARS EXECUTION ROOMS.
"As I look back, some of it seems unreal and some of it very real, indeed. The worst time was in the evenings. Then it was that they took out the condemned prisoners and shot them. In my prison the executions usually took place in the cellars, and the cellars of Tcheika were great, gloomy, mouldy rooms furnishing a fitting setting for such sanguinary deeds. I never found out why they did not shoot me."
"The prisoners were crowded and it was necessary to put more than one prisoner in the death cells at different times. I remember one night when eleven men were taken out in a batch for execution."
"I am glad to say they died like men. There was no pulling back, no screams, no sobs. Not one broke down."
Kalamatiano requested that no comment upon the political situation be attributed to him. His explanation was:
"There are too many factors entering into the situation for anyone—even a person who really knows the inside of the situation—to prophesy what is likely to happen. I do not believe that any man in Russia or out is qualified to make such a forecast."

Damage Suit Settled By Traction Company
The alleged shattering of her hopes of an operatic career, due to a street car accident in Berkeley, in August, 1918, resulted in compensation for Mrs. Audrey G. Mead in the sum of approximately \$7000, the settlement being made out of court yesterday. In April, 1920, Mrs. Mead was awarded \$7500 by a jury in her \$80,000 damage suit before Superior Judge Dudley, Kinell against the San Francisco-Oakland Terminal Railway.
The accident in which Mrs. Mead was injured occurred at Oxford and Allston way, Berkeley, August 2, 1918. The car jumped the track and crashed into a telephone pole. Mrs. Mead, in her suit, stated that she had been injured internally. She stated further that numerous scars on her face and neck interfered with her theatrical career and forced her to abandon vocal training.

Lancashire's Cotton Mills Resume Work
LONDON, Aug. 20.—After the biggest slump in the history of the cotton trade there are now unmistakable signs of a revival of Lancashire's great industry.
The spinners in the American sections are now running four days a week instead of two, and the Egyptian spinning mills, for the first time in nine months, have started on a full working week.
On May 8, 1920, the street railway company filed a motion for a new trial on the ground that the jurors in awarding Mrs. Mead the \$7500 damage were swayed by prejudice and passion. On dismissal of the appeal yesterday, it was stated that this action was taken on petition of both parties to the case.

The affair will be formally opened Sunday morning with a big street parade which will leave First street and Broadway at 10:30 a. m. and march to the grounds of the College of Holy Names, where outdoor mass will be conducted.

In addition to the thousands who will participate in the procession from the Young Men's and Young Ladies' Institutes will be members of the League of the Cross cadets and band, Oakland Council No. 784, Knights of Columbus headed by Sierra Assembly, Fourth Degree, the Catholic Boy Scouts and the Holy Name societies of the Eastbay parishes.

The parade will move north on Broadway to Twentieth street, on Twentieth street to Harrison boulevard and north on that thoroughfare to the east entrance to the college grounds. Fall Inspects State Irrigation Projects

SACRAMENTO, Aug. 19.—Arriving at Sacramento from Reno, Nev., early today, Albert B. Fall, secretary of the interior, left immediately for an inspection of the Federal irrigation project at Orland, and the proposed Federal irrigation project at Iron Canyon, near Red Bluff. Luncheon was scheduled for Corning, with dinner at Redding. Tomorrow he will arrive at Klamath Falls, Ore., for inspection of the Klamath project and Greater Lake Tahoe for irrigation of Nevada lands. If the decision in the controversy which has been waged for years is not satisfactory, said Fall, an appeal can be taken.

The secretary also announced that but two bureau heads have been changed in his department since the new administration came and that he "would make no changes for political purposes."

Grandmother Held As Slayer of Infant

ADRIAN, Mich., Aug. 19.—Mrs. Mattie Kirby of Hudson, for many years a prominent temperance and law enforcement worker, was arrested on a charge of murder and lodged in jail here yesterday in connection with the alleged disappearance of a child born July 4 to her 20-year-old unmarried daughter, Alice.

No burial record is on file in the county. The mother of the child also is held for investigation. Mrs. Kirby, mother of four daughters, is president of the Lenawee Women's Christian Temperance Union and a field agent for the state organization.

Christianity School Construction Begun

LOS ANGELES, Aug. 19.—Work has begun here on the first units of the group of buildings to be constructed for the newly founded California School of Christianity, an educational institution which will offer courses along religious and other lines to both men and women made possible by a subscribed fund of over \$800,000. Some of the buildings are expected to be ready for occupation by September, and work on the remaining structures will be rushed to completion at an early date, it is announced.

FOREST FIRE RAGING. VISALIA, Aug. 19.—An Airplane patrol which circled over the forest fire burning fifteen miles east of San Luis Obispo reported that the fire was under control on the north side but was working its way south unchecked. The patrol left Visalia at the request of Forest Supervisor Sloan at Santa Barbara.

Madame Schumann Heink will have as her audience approximately 3500 delegates and visitors representing every one of the nearly 300 American Legion posts in the state. The convention sessions will be held at Camp Curry and will continue until August 26.

Burton Pitts, Los Angeles, state commander, will preside. Among speakers on the program are: Governor William D. Stephens, State Adjutant Fred F. Bobergall, San Francisco, and Charles G. Scruggan, Carson City, acting national legion commander. Alvin K. Mathews is convention manager.

GIANT SAYS HE WAS USED AS PROJECTILE

STOCKTON, Aug. 19.—R. G. Irish, the tallest patient ever seen in the Emergency hospital, standing 8 feet 11 1/2 inches in his stockings, called there yesterday for treatment for injuries to one of his legs. He gave Chico as his home and his age as 25. Irish claims to have enlisted in the merchant marine during the war and to have been three times the victim of German submarines. On one occasion, he told the hospital attendants, he was blown through a hatchway and sustained injuries to the leg which has continued to trouble him.

Murder Charged To Black Hand Society

NEW YORK, Aug. 19.—The knife-slashed body of James Morabito of Newark was found in the lonely Forest Hill section of Newark. He is said by the Italian squad of the New York police to be a friend of Bartolo Fontana, the informer, who told of the workings of the Camorra because of his fear of the ghost of one of his victims.

Homer testified he had returned to take a bath and had asked Mrs. Bartley for permission to use her room and the bath, which she granted. He said he managed to calm Bartley and show him there was nothing wrong and that they parted friends.

Capricious Chickens in Tests At Hayward Puzzling Experts

HAYWARD, Aug. 19.—Having determined how the chickens in the average house at the Hayward poultry housing and feeding demonstration are going to live, the poultry committee of the Farm Bureau will meet here tomorrow morning to decide exactly what they will eat. It is admitted that the latter decision will decidedly affect the former.

The test will be accomplished very easily. As when the question of an average house was discussed, fifty questionnaires will be carefully reviewed by the committee.

All the good bird and methods suggested by the helpful poultry growers of this district will be ground down and sifted together, and the outcome of the mash will forthwith become the bill of fare of the 250 hens doomed to live the average life.

The fact that these same 250 must have been enjoying a taste of college life is brought to light by the announcement of the poultry committee, according to a sagacious few. "For how," they say, "could the hens selected for a university education be maintaining a bourgeoisie diet when the said diet has not been prescribed?"

The question remains: Should the change in fodder which the unfortunate 250 must undergo immediately on completion of the meeting Saturday morning be very great, will the hens strike? That's coming down to the yolk of the matter.

BAREFOOT YEGG WELL LOADED UP WITH BIRDSHOT

MANTENO, Aug. 19.—A barefoot burglar, after robbing two sleepers, was met with a charge of birdshot at the W. H. Hooker home, but managed to make his escape, though probably wounded.

The fellow entered the residence of Dr. Tretheway and went through the physician's trousers as the medico peacefully slept, obtaining \$10. At the W. A. Greer place he entered a tent occupied by J. M. Forrest, and extracted \$5 from his trousers. Then the fellow entered the Hooker home nearby. Hooker awoke and dashed for his shot gun. The burglar dashed for the door and was disappearing in the darkness when the irate householder fired. Footprints lead to the belief that the man was in his stocking feet.

The population of Mexico City is now approximately 1,000,000, having increased more than 100 per cent in ten years.

"DRY" COUNSEL STYLED LOBBYIST BY SENATOR REED

Presence of Wheeler At Anti-Beer Bill Conference Called "Insolence."

WASHINGTON, Aug. 19.—The presence of Wayne B. Wheeler, general counsel of the Anti-Saloon League, at a meeting of the conferees on the anti-beer bill was characterized in the Senate yesterday by Senator Reed, Democrat, Missouri, as "unwarranted and unmitigated insolence."

"Lobbyists hibernate here," Senator Reed declared. He denounced their "pestiferous activities" and held them up "to oblique and scorn."

"Wheeler," he said, "had the cool impudence" to carry his "propaganda and his presence into the conference, if not the sacred confidence of the conferees."

Turning from Wheeler, Senator Reed attacked the representative of the Anti-Saloon League, describing him as "speaking broken English."

"I have seen some of the conspirators of the past; the countenances of those who have led fanatical revolts, the burners of witches, the executioners who applied the torch and I see them now when I look upon the author of this measure."

Senator Sterling protested against application of the Senator's language to a member of the House.

Senator Reed insisted he was "speaking of fanaticism" and that he had a right to do so.

"I have discovered a man who could vote against the constitution of his own country," he added.

Wayne B. Wheeler later issued a statement saying that "the charge by Senator Reed that I sat with the conferees on the beer bill on the date mentioned is not true."

"I went to the committee room when they closed their work for the day and urged them to agree on something in order to secure a vote before the recess and prevent the opening of the breweries."

Reed read newspaper item saying Wheeler had been closeted with the conferees, and asked Senator Sterling, in charge of the measure, if it were true.

"It is IMPERTINENT," the latter declined to answer, saying the question was "impertinent."

"I will state, however," Senator Sterling added, "that Wayne B. Wheeler was not closeted with the conferees. He came in for a few moments after we had concluded our work yesterday. Wheeler had nothing to do with any vote or action taken by us."

Reed insisted it was pertinent to ask if men urging or opposing certain legislation were admitted to the secret conference, which was not open to members of the Senate or the House.

"The admission of a paid lobbyist, if he was admitted," Reed declared, "to interfere with the deliberations in an effort to compromise on an important measure, was an unwarranted and unmitigated insolence on the part of the man who did it. It was unfair to Congress."

"If Wayne B. Wheeler, representing the Anti-Saloon League, was there, then why not the men representing the saloon league, if one existed? I charge that it is an exhibition of lobbying gone mad."

Senator Ash, Democrat, Arizona, announced that he had refused to participate in further conferences on the anti-beer bill "because of an evident intention on the part of the conferees to weaken and destroy the effect of the Stanley amendment, adopted unanimously by the Senate."

Argentine Proves Immigrants' Paradise

BUENOS AIRES, Aug. 19.—While the United States is decreasing the number of immigrants admitted into the country, Argentina, with thousands of fertile acres that have never felt a plow, is welcoming them with open arms, and is even feeding and lodging them while helping them to find employment.

After setting foot in Argentina the immigrant is welcomed into a spotless, comfortable hotel where, in addition to being supplied free of charge with every personal necessity and convenience, he is taught by means of motion pictures and lectures something of the new land in which he is to make his home and is aided, when possible, to find employment.

On deciding upon his destination within the country, the immigrant is supplied with free transportation to that place.

While the majority of immigrants arriving in the country are Spaniards and Italians, Germans are now arriving, together with some from other countries. Although the Germans come here in third class on account of the low value of the mark, many of them are skilled workers and even professional men. They bring with them quantities of machinery and tools with which to start their new life.

S. F. CRACKSMEN AND \$2000 LOOT TAKEN BY POLICE

Yeggs Open Safe in Theater;
About To Escape With
Plunder.

SAN FRANCISCO, Aug. 19.—Surprised in the act of ransacking the safe in the Coliseum theater Ninth avenue and Clement street, just as they had put their hands on the money bags containing \$2,000 in cash, two expert cracksmen were captured by Patrolmen Fred Staeglich and Michael Sweeney at 3:30 this morning. They gave their names as Clifford Hazen, 28 years old, a clerk, and Harry Smith, 29 years old, a moulder. Incriminating evidence found in the room of one of the pair, indicates that they may have been making their living by robbery and thievery for some time. Policeman Staeglich was walking along Ninth avenue when he heard a strange sound coming from the Coliseum theater. Hurrying to the scene, he listened and heard low voices. Hurrying to California street in order to be out of earshot of the burglars, he blew his whistle. Sweeney, responding, joined him and they returned and tried the door. One of the exits was open, and making their way to the office, they heard a noise inside. With their guns in their hands they threw open the door.

COPIES GET DROP ON CRACKSMEN.
All was darkness, but a man was kneeling at the safe. He jumped to his feet and made a move as though to draw a gun.
"Another move like that and you're a dead man," called Staeglich. At that moment the second burglar jumped into view. Staeglich says he was about to fire when the first burglar threw up his hands and his companion followed suit. Both were then handcuffed.
An examination disclosed that the safe had been broken in the most scientific manner possible. The combination had been unscrambled and the entire inner workings of the safe taken apart, as though by a builder. The door had been opened and the money bags were lying in plain view.

SUSPECTED OF OTHER ROBBERIES.
After the culprits had been booked, the two officers, investigating, learned that Smith's real name was William Ambrose, and that he lived at 963 McAllister street. They found his brother in bed, but no evidence of an incriminating nature. In Hazen's apartment, at 1912 Fillmore street, they discovered a small officer's star. He had been going under the name of Chester Holbrook. His sister, who had been living there with him, claimed to know nothing of his operations, and she had cried when informed by the police.
The officers are of the opinion that the same men entered the Lyric theater on Fillmore street, and the Lyric theater in the Mission district during the past two weeks, but in neither case were they able to gain access to the safe.

French State Phone Service Has Deficit

PARIS, Aug. 18.—The deficit of the French telephone service, which is run by the state, will amount to over 220,000,000 francs for this year, according to Louis Deschamps, who ought to be well informed, as he was under-secretary of state for the department of posts, telephones and telegraphs in the previous cabinet.
M. Deschamps says that the service needs an expenditure of 1,500,000,000 francs for improvement and extension, and recommends the state, if it cannot see its way to this outlay, to hand the service back to private companies and let them reorganize it.

MAJOR IN DENYING BERGDOLL CHARGE ATTACKS SOLONS

Cresson Indignant At Assertion He Eased Up On Prosecution of Col. Hunt.

FREMONT, Neb., Aug. 19.—"I wouldn't criticize Congress for the world, but if they knew what I was thinking I can't imagine what they would do to me," Major C. C. Cresson bitterly exploded in an impromptu address before the American Legion here in defending himself from the charges of conspiracy to aid in the Bergdoll escape, made by the house investigating committee.

Major Cresson, at present judge advocate of the seventh area headquarters at Fort Crook, Neb., reviewed the history of the Bergdoll family from their arrival in this country and told of the various scenes in court. He asserted that Mrs. Bergdoll appeared at the trial in her evening cape and bedgown slippers and stated that her ability to curse and swear had any soldier or sailor he had ever heard beaten.

BAKER IS ATTACKED.

Former Secretary of War Newton B. Baker was the recipient of a stinging attack from the major. He charged that Secretary Baker knew more about the prosecution of Colonel J. C. Hunt than he did. "When I was trying the colonel, the court called me down for abusing him and not giving him a fair examination," said the major. "Does that sound like lying down? It is a shame and disgrace for this country that he was ever secretary of war. It was his attitude and others like him that encouraged Bergdollism. I want to know why I am accused of 'lying down' by the prosecution of Colonel J. C. Hunt."

Cresson remarked that everyone who had anything to do with Bergdoll was smeared with a tar brush, but he had never expected such an attack himself.

"It hurt me deeply," he said, "to learn of the dirty charges made against me."

SCORES CONGRESSMAN.

Cresson attacked Representative Johnson, Democrat, Kentucky, and St. T. Ansell, former acting judge advocate.

He refuted the accusations made in newspaper reports of the committee's findings that he eased up on the prosecution of Colonel Hunt and branded them as "internal, contemptible liars."

Major Cresson's speech here, in answer to the charge was entirely extemporaneous. He did not intend to speak to the Fremont post on that subject, but stated that he had to deny the charges or bust.

Berkeley Streets Retain Old Names

BERKELEY, Aug. 19.—Permission to change the names of two streets was denied and an appropriation of \$18,000 for the construction and extension of a new sewer by the city council at its meeting this morning. The council declined to act upon the petition of several property owners and change the name of Union street to Kickenbaker road, in honor of Captain Eddie Kickenbaker, famous ace. It was pointed out that the name would be too long and might cause complication in mail deliveries.

Members of the council also refused the petition of former Mayor Beverly Hodghead and others to change the name of Haste street. The former mayor declared that the name was difficult to distinguish over the telephone.

An appropriation of \$18,000 was made and orders were issued to advertise for bids for the construction of a new sewer. The new sewer will be an extension of the one on Adeline street and will run up Woolsey street to Claremont, providing sewage disposal for the residents of that district.

War Paint Will Start U. C. Brawl

BERKELEY, Aug. 19.—"Reds" vs. "Greens"—such will be the contests tomorrow between the freshmen and sophomore students of the university in the annual "brawl," to be held on California Field. Supremacy of the two lower classes will be decided on the "battle field." War paint will be smeared on the contestants promptly at 1 o'clock and shortly afterwards the contest will be under way. A tug of war, 75-yard relay with 100 men on each side, the "die up" with 50 participants, jousting events and the sack race will make up the program. The final event will be a "battle royal," in which four men from each side will engage in a free-for-all boxing contest. The last man left standing will be acclaimed victor.

"Big C" men from upper classes will officiate, while Coach Walter Christie will render decisions.

HIGH SCHOOL REGISTRATION. ALAMEDA, Aug. 19.—Registration of new students in the high school starts this morning in the office of Principal George Thompson. A large increase is expected in the number of new students. A number of new courses have been added.

WASHINGTON NOTES

WASHINGTON, Aug. 19.—The State Finance Committee completed hearings on the chemical schedule of the permanent tariff bill, amended the House provision for an import duty on reimported war supplies sold by this government to France and decided to press for passage the House resolution extending the life of the dye embargo in the emergency tariff act without urging its own amendment to continue the entire emergency law to January 1.

Elimination of taxes on proprietary medicines was agreed upon today by the House ways and means committee, which provided more than six changes in the Republican bill. Subsequently the majority members of the committee voted to reduce the tax on cereal beverages from the proposed six cents a gallon to four cents and to bring the war marine insurance companies under the 12 1/2 per cent corporation income tax on the same basis as life insurance companies.

Woodrow Wilson and those supporting him most strongly in his fight for the League of Nations have been eliminated in consideration for a Democratic member of an American delegation to the disarmament conference, it was learned today. In administration circles, it was made plain that Wilson, who was suggested by Senator King of Utah, would not be named.

By a vote of 28 to 22 the senate today adopted an amendment to the federal aid road bill reducing from \$100,000,000 to \$75,000,000 the amount available for construction the next year.

The administration bill designed to authorize Major General Leonard Wood to become governor-general of the Philippines without losing his commission in the army was laid on the table today by the House military committee, without a record vote. Committee members were said to have held it a dangerous precedent to establish.

Recommendations that a number of federal judgeships be created and that the attorney-general be given authority to assign judges to sit in courts out of their districts were voted today by the House.

Charles Dawes, director of the budget, was accused in the Senate today by Senator Pat Harrison, Democrat of Mississippi, of trying to "fool the people into the belief that he is effecting great savings of public moneys, when every penny conversant with the state of the government's finances knows the administration isn't saving a single cent."

Man Is Freed By Limitations Statute

Because the charge of burglary against Tony Souza was void under the statute of limitations, the case against him was dismissed today by Police Judge Herbert Wise. Souza was protected by the law which provides that a man who is serving in the United States Army, although out of this country, is a resident of the state in which he made his home previous to his enlistment.

Souza was alleged to have entered the store of A. B. Berger, 2023 Broadway, on March 3, 1918. Gustavo Stein was arrested for the same offense and was granted probation. He was arrested on last Monday. Souza joined the army shortly after the crime is alleged to have been committed and served in France for a number of months.

AUTO UPSETS; 3 BROTHERS HURT

Henry Lee, Benjamin Lee and Richard Lee, brothers, living at 2813 Humboldt avenue, were injured this morning when their auto upset at Fifth avenue and East Twelfth street. They were taken to the Emergency hospital by passing autoists.

Henry Lee suffered a broken right arm and bruises on the face and back. Benjamin Lee received a bad cut on the forehead, abrasions on the face and slight concussion of the brain. Richard Lee suffered a wrenched back.

The Lee brothers, shoemakers, were on their way to work when an auto ahead of them turned sharply down Fifth avenue off East Twelfth street. In an endeavor to avoid a collision Richard Lee, who was driving, turned his car so sharply that it upset, throwing the brothers out.

Prisoner Is Found Guilty of Larceny

Frank Carney, alias William Conway, charged with grand larceny, was adjudged guilty by the jury which heard the evidence against him in Superior Judge Lincoln S. Church's court. After being out more than seven hours the jury returned a verdict shortly after midnight last night.

Carney, who has a record as a pickpocket and has served a term in San Quentin, was arrested on a charge of robbing Edward Jones of a purse containing \$200. Carney's defense was that he found the purse and was about to return it to Jones when he was arrested. The jury was incredulous.

WHISKY SEIZED

VANCOUVER, B. C., Aug. 19.—Whisky valued at several thousand dollars was seized at the mouth of the Fraser river, near here, when provincial police officers surprised a party of men who had delivered two truckloads of liquor to be loaded on a scow, it was reported here today. Officials here believe the whisky was to have been exported to the United States.

AIR MAIL HEAD DUE HERE AHEAD OF GIANT PLANE

C. F. Egge To Arrange Hangar Facilities For Largest Craft in Service.

C. F. Egge, superintendent of the air mail service, is on his way here today to make a survey of hangar facilities and to arrange accommodations for a giant remodeled army airplane which will fly from New York to the bay region carrying 22,000 letters, according to word received here from Washington today. Egge left Washington for the coast last night. The plane left Washington yesterday for New York, where final preparations will be made for the "hop off."

The remodeled aircraft will have double carrying capacity of the planes now in use and has been remodeled at a cost of \$3000. Six other planes have been remodeled similarly. The new plane, with a different wing construction, has a cruising speed of 115 miles per hour, with a radius of 400 miles at normal capacity.

A report just issued by the air mail service in Washington shows that during the year ending June 30, 1921, a total of 1,770,658 miles were flown and 45,000,000 pieces of mail carried with a percentage of performance for the year of 85.96.

Vladivostok Carbon Point Lighting Civilization's Way

Vladivostok is the palm of the right hand of European civilization outstretched to America and thrust deep in the teeth of Asia between Japan on the east and China on the west, standing ready to go broken into the maw of Asiatic life. Fred McCormick, The TRIBUNE's special correspondent in Siberia, says in his fourth article on Far Eastern affairs, "Vladivostok, the Derelict." The broken city of Vladivostok is the carbon point, lighting the way of civilization across the Pacific, McCormick declares in speaking of the value of the Russian metropolis. Sensational and educational articles on Siberian and other Far Eastern troubles by McCormick, who has spent twenty years in those countries, appear exclusively in The TRIBUNE each Sunday, and the article "Vladivostok, the Derelict," will appear Sunday morning, August 21.

"Many cities have sprung into being through the world war, but retired again into dim obscurity," McCormick says, "but the most notorious and least enviable of the world's cities cannot retire. It is on a hill literally and figuratively and cannot be hid—that is Vladivostok."

Despite the fact that the city is torn with revolution after revolution, and the children and women folk of the community are starving for the want of plain life-giving food, schools, colleges and kindergartens are maintained in the city, McCormick asserts, which tends to keep the city at a normal stage. Were it not for the foreign population in the city, the municipality would undoubtedly deteriorate into an evanescent on the world. It is declared by The TRIBUNE's special correspondent.

THREE ARRESTED,
25 GALLONS OF
PORT WINE SEIZED

Trundling of Barrels to Truck
Attracts Interest of Passing
Policeman.

Twenty-five gallons of port wine
was seized by Policeman Walter
Gallagher while three men were in
the act of moving it from 2053 East
Twenty-seventh street. Gallagher
was patrolling his beat when he no-
ticed an automobile truck stop in
front of the above address. He stood
in the shadow of a large tree and
watched the men for a short time.
After they had rolled out three bar-
rels he went over and examined them
when they came out with the fourth
barrel, and placed them under ar-
rest.

The men arrested are August Men-
dos, Albert Neuwolner and Frank
Souza. They were booked at the
city prison on a charge of violating
the national prohibition act. They
were later released on the order of
United States Commissioner Albert
M. Hardie.

John Bryant, who conducts a soft
drink parlor at 1928 San Pablo ave-
nue, was arrested by Officers Wil-
liam Canning and E. F. Murphy for
violating the national prohibition act.
The officers say they seized a small
jar which contained jackass brandy.

LETTER LEFT BY MISSING MAN IS HINT OF SUICIDE

**Douglass Tadbourne, Oakland
Salesman, Disappears From
Hotel in Shasta County**

Douglass Tadbourne, of Oakland, traveling salesman, who disappeared from the White Pine Inn at Weed, Shasta county, ten days ago after having a note stating that if word of his sudden disappearance came, it would not be an error, was still among the missing today, despite a several days search by relatives and business associates.

His brother, salesman for Alexander & Lavenson, electrical firm of San Francisco, and a bridegroom of eight months, aged 26, left money and jewelry in his room at the inn with instructions that it be given his wife. His automobile, left in the inn, has been taken charge of by Charles R. Mustadin, 300 Jayne street, Oakland, the missing man's brother.

Mustadin, it is announced, discredits the suicide theory and believes Tadbourne will be found.

On the night of Tadbourne's disappearance, he was observed with the watchman of the inn, who told the company and complained he could not sleep, and that his head was "going sixty miles an hour." The watchman, who is suspicious and found the suicide note.

Officials of his company today

stated his financial status with the company was entirely satisfactory. It was stated his wife and mother have been ill and he had been at considerable expense.

POSSE WILL SEEK MISSING WOMAN

SANTA ROSA, Aug. 19.—Sheriff John M. Boyes today called for fifty volunteers to compose a searching party to scour the hills surrounding Santa Rosa for the body of Mrs. John Wids, who, suffering from injuries to her head caused in an automobile accident six years ago, when her sister was killed, is believed to have committed suicide.

A note left by Mrs. Wids, who

disappeared last Sunday night reads:
"I cannot stand the pain in my head, dear folks. Do not grieve for me."

Tokyo plans to absorb all its suburbs within a radius of ten miles, increasing its population to 7,500,000.

Division of Tax Burdens Discussed by Assessors

LEVY ON SALES IS DECLARED LEAST "PAINLESS" PLAN

Voters Urged To Give More Attention To Government in Own Protection.

Interest of the delegates to the nineteenth annual convention of the California State Association of County Assessors centered today on the election of officers and the selection of the 1922 convention city. Short sessions were held in the morning at which "Round Table Discussions" occupied a greater portion of the time.

Ladies of the convention, the wives and friends of the delegates, were guests of the city on a ride around the shores of Lake Merritt.

Technical discussions and addresses on the more serious side of the duties of a county assessor, featured the afternoon session yesterday. Forty-one delegates were in attendance.

PLEA FOR JAPANESE.

Opening the session was an address by A. H. Elliott, attorney for the Japanese who spoke of "The Alien Poll Tax Law." Elliott attempted to show that the law was unconstitutional, saying it was in conflict with the fourteenth amendment to the constitution. He asked that the assessors take some action concerning investigation of the law, but none was taken.

The most essential consideration in any taxation system is equity and equitable distribution of the burden of the government support, according to ability to pay and privileges enjoyed. M. Dempsey Lack, the second speaker, secretary of the State Board of Equalization, said discussing "Painless Taxation."

DIVIDING TAX BURDENS.

He said in part: "The solution of the present already heavy and ever increasing tax burden is for the citizenship of the country and of the state to give the governmental expenditures the attention to which its importance entitles it. The state of California is entirely suffering from an apathy on the part of its citizens in the matter of tax requirements and such lack of interest is traceable directly and unquestionably to a revenue system that secures its income from the taxpayers in such a manner that they believe they are called upon to pay no state tax at all and that therefore the amount of money expended for state purposes is not of concern to them."

"On the other hand, if they should be called upon to pay a state tax directly at a rate that they could identify instead of paying the large indirect taxes that they do pay, immediately they would manifest a

Orgy of Public Spending Must End, Assessors Told

"The orgy of public spending must come to an end. There is no way about it, taxes must come down," said Ray L. Riley, former state real estate commissioner and successor to John F. Chambers as state controller, in a plea for lower taxes at the banquet in honor of the visiting delegates to the nineteenth annual convention of the California State Association of County Assessors at the Hotel Oakland last night.

"Through observations during my short time in office, I wish to warn you assessors to keep down expenses, keep the taxes at a minimum rate," said Riley. "You are always crying money—more money—but the time is coming, the orgy of spending of people's money will come to a climax some day, when the people will rise

and demand a show-down—and you will be left high and dry."

"MORE GOLD" APPETITE.

"It is only natural that assessors should wish to raise the valuation of their counties, but I can only say that the more gold the appetite for 'more gold' get down with the folks and eat common food. There is no question about it, assessors and tax collectors of the state must in some way reduce assessments and taxes."

Riley concluded with a statement to the effect that the state school budget for 1921 was larger than the total state budget twenty years ago. He advocated "permitting the people to catch up with the times."

In order to keep step with the fast advanced rate of the champagne appetite, California must look to the development of her water power, said John P. Chambers, former state controller, now vice president of a bank.

California was originally a mining state, Chambers asserted in speaking of the possibilities of the country. "The agricultural industry, with the process of development of water power, the state is gradually becoming an industrial empire. As there was no coal to speak of in the mountains, and the supply of oil would supply power for years to come, development of the state's greatest asset, electricity, through water power would insure against any collapse of oriental trade relations, he declared.

CLAY COMPLIMENTED.

A tribute to I. Harrison Clay, Alameda county assessor and vice president of the association, was paid by James Sleeper, president of the organization, when he said that Clay was one of the ablest assessors in the state, and that convention arrangements, in which he was in charge, were more complete than any other held during the existence of the organization.

J. J. McElroy spoke of "Scientific Appraisal of Realty" and a uniform system of determining valuation so that millions of dollars could be saved for the state annually. Many properties are over assessed, he said, while others are under assessed.

DELEGATES PRESENT.

The following delegates answered to roll call yesterday:

Alameda, I. H. Clay; Amador, George W. Brown; Butte, A. E. Norton; Calaveras, William N. Nunez; Contra Costa, George O. Meece; Fresno, G. P. Cummings; Kern, T. F. Burke; Kings, George Murray; Lassen, T. O. Wemple; Los Angeles, Ed W. Hopkins; Madera, F. E. Briscoe; Mariposa, F. A. Bondshu; Mendocino, W. S. Van Dyke; San Luis Obispo, W. H. OBENCHAIN MAY TAKE STAND IN KENNEDY MURDER

Former Husband of Indicted Woman Knows Too Much, State's View.

LOS ANGELES, Cal., Aug. 19.—Ralph R. Obenchain, former husband of Mrs. Madeline Obenchain, charged jointly with Arthur C. Burch with the murder of J. Edgar Kennedy, may be called before the Los Angeles county grand jury to tell what, if anything, he knows of the case. This was stated today by Asa Keyes, deputy district attorney, following the publication of interviews with Obenchain in which the latter was quoted as saying the innocence of the accused would be established and "the real criminal" produced within five days.

"If Obenchain knows who killed Kennedy the grand jury as well as the district attorney's office would like to know also," Keyes said. He declared he would investigate the matter thoroughly today and probably take steps to have Obenchain brought to stand the trial if it developed he was correctly quoted.

Obenchain said he had located a witness who possessed information highly important to the defense. Obenchain will testify that while another witness today and expected to gain additional important statements.

It was learned by the International News Service today that a cousin of Mrs. Obenchain will testify that while Kennedy was professing his deep love for the beautiful Evanston woman he was really deceitful and had sought to ruin the affections of her relative. This testimony, if true, would be a severe blow to the defense.

Mates Say Captain Laid Alaska's Course

SAN FRANCISCO, Aug. 19.—Federal investigators of the wreck of the steamer Alaska today had completed the taking of evidence from the wreckage and are now endeavoring to fix the blame for the disaster either on the alleged incompetence of the crew, negligence of the officers in directing the rescue work, or the improper handling of the vessel by Captain Hobey, who went down with his ship.

At the closing session, the four mates testified that the captain was in the bridge when the Alaska struck Blunt's Reef and had laid down the course which they estimated had caused the vessel to run six miles in shallow water before the wreck occurred.

Boys Charged With Disturbing Peace

One boy is being held in the city prison on a charge of disturbing the peace. A deadly weapon and four other boys are in the detention home, charged with disturbing the peace. They were all arrested on the complaint of Charles R. Souza, watchman for the "E. B." Canning company at Twenty-third avenue and East Eleventh street.

Sergeant Leslie Cox of the Eastern police station, received a call from Souza when the boys were creating a disturbance outside of the plant. Frank Peters, 16 years old, is charged with having struck Souza with a bottle. The others, all fifteen years old, are charged with disturbing the peace.

Bay Farm Property Owner Wants Warrant

ALAMEDA, Aug. 19.—E. E. Stone, of E. B. and A. L. Stone Company, owners of a large part of Bay Farm island, last night informed the police department that he was going to appear today and swear to a complaint against Campos and Golsalves of 935 Twenty-third avenue, Oakland.

According to his story to the police, he found two men in the Oakland farm truck dumping rubbish upon his property.

Two days ago Stone had another encounter with a trespasser, who he charged with cutting up a private road with a heavy load of lumber. In the resultant argument Stone was rapped on the arm with a shovel.

TWINS HAVE THEIR DAY OF FAME AT INDUSTRIAL FAIR

Rating of Large Percentage of Entries Is Given As 100 Per Cent.

BERKELEY, Aug. 19.—Fifty sets of twins ranging in age from two months to four years and including full-blooded Mono Indians, colored babies and others with blood of many nationalities flowing in their veins, were in the center of the fair yesterday. Berkeley twins captured first and second honors, and the city had six out of the ten other babies adjudged 100 per cent. The babies who took the first prize were Prindle and Richard Adams, children of Mr. and Mrs. W. V. Adams, 1149 San Pablo avenue.

Barrett and Kenneth Cogges, sons of Mr. and Mrs. Barrett, 804 S. Coast, of 1500 San Lorenzo avenue were awarded second prize. Helen and Carolyn Brown, daughters of Mr. and Mrs. W. H. Brown, of 1111 Broadway, Oakland, received third honors.

A special prize was awarded to Edna and Julia Sherman, aged six months, full-blooded Mono Indian babies, who were the winners of the California National Society of Home Economics of the Presbytery of the Pacific.

100 PER CENT RATING.

"Twins rated 100 per cent were: Mary and Elizabeth Hugg, Mr. and Mrs. H. J. Hugg, 1602 Bancroft way, Berkeley.

Marjorie and Myra Hanford, Mr. and Mrs. John Hanford, 2123 McGee avenue, Berkeley.

Mary Jane and John Andes, Mr. and Mrs. John Andes, 201 Orange street, Oakland.

George and Robert Johnson, Mr. and Mrs. George Johnson, 2208 Broadway, Berkeley.

Phyllis and Betty Burns, Mr. and Mrs. Lloyd E. Burns, 652 Vista avenue, Oakland.

Ruth and Naomi, aged four months, and Mrs. Clough's daughter, Edna, aged three years, were brought to the fair by their parents.

Just to show there were some boys in the family, too, they brought along six girls, aged three, four, five, six, seven, and eight.

SPANISH WAR HEROES To Command Meeting

Men who served in Cuba, Porto Rico and the Philippines during the Spanish-American war will be in command of the meeting of the Col. John J. P. Post No. 85, Veterans of Foreign Wars tonight. Following the regular business meeting, when more than a score of recruits will take their oath in the "gold stripe" order mess call will be sounded.

TALKS ON KLAN.

"Ku Kluxanity vs. Christianity" was the subject of a sermon delivered by Rev. J. M. Rife, the negro divine and field missionary of the Northern Baptist association, on Sunday afternoon, August 12, at the Auditorium theater. The Rev. J. Gordon Matherson also spoke. There were a number of white persons present to hear the addresses.

BLAME FOR BAD CHECK IS LAID TO BURGLARS

BERKELEY, Aug. 19.—Because a search of the residence of Dr. George Wintermute, 227 Tannet road, failed to reveal any negotiable property to burglars who searched the premises last month, the burglars in revenge cashed an \$85 check on their intended victim, say the police.

The check was made payable to Leslie Rodgers and was cashed at the Wells Fargo National Bank of San Francisco. Wintermute's residence was entered last month while the family was away on vacation. All silverware and jewelry, however, had been placed in a safety vault before the family left.

Two Damage Suits Caused By Smash

MARTINEZ, Aug. 19.—Two damage suits resulting from a collision of a motorcycle and an automobile in Pax Point on July 17, in which two persons were injured, were filed today in Superior Court. Each plaintiff asked for \$10,000 in damages.

It was noted further that such an understanding rests entirely on the recognition of proper principles and policies, and their application. After that, the matter of international commercialism.

The principles on which this government of today is based are the principles of the American people.

New Haven Pastor Called To Berkeley

BERKELEY, Aug. 18.—Dr. O. E. Edwards, pastor of the First Congregational church of New Haven, Conn., has been called to the pastorate of the First Congregational church of Berkeley to succeed Rev. Raymond C. Brooks, who has resigned to accept a place on the faculty of Pomona College.

Dr. Edwards was in Berkeley this summer, coming to California as a speaker at the student conference of the Y. M. C. A. and Y. W. C. A. held at Asilomar. He is a graduate of Yale College, Wisconsin, and of Yale Divinity School. No word has been received as yet as to whether or not he will accept the call.

Soroptimists Will Hear Mrs. Saylor

Mrs. Anna L. Saylor, a member of the state legislature, will address the Soroptimist Club at its luncheon meeting at the Hotel Oakland next Monday at 12:15. Members are requested to assemble from 12 to 12:15. It is announced that guests may be brought if they are eligible for membership in the organization.

Further announcement is made to the effect that on September 26 the chapter will be closed, officers of the club elected and the monthly dues fixed.

Polish Writer Will Be Given Reception

The Cora L. Williams Institute in Thousand Oaks, Berkeley, will tender a reception to Count Korzybski, Polish author, on Sunday from 4 to 6 p. m. Korzybski is author of "The Principles of Semantics" and "The Art of Human Engineering." This will be of especial interest to mathematicians, since Professor Cassius Keyser of Columbia University made the book the subject of a recent Phi Beta Kappa address.

PACIFIC HARMONY IS NEED OF WORLD AMERICA AGREES

Settlement of Differences Must Precede Disarming, Washington Concedes.

WASHINGTON, Aug. 19.—Lloyd George's statement to the house of commons that a settlement of Pacific affairs must precede disarmament, found acceptance here today.

The government considers such a settlement in the forthcoming disarmament conference very desirable. It was explained in authoritative quarters today.

It was noted further that such an understanding rests entirely on the recognition of proper principles and policies, and their application. After that, the matter of international commercialism.

The principles on which this government of today is based are the principles of the American people.

Dr. Edwards was in Berkeley this summer, coming to California as a speaker at the student conference of the Y. M. C. A. and Y. W. C. A. held at Asilomar.

Utah Club To Hold Meeting Tonight

A combined social and business meeting will be held tonight at the Porter hotel, 1917 Grove street, by the Utah Club. A report on the activities of the Los Angeles Utah Club will be made by a member of that organization. The program is to be featured by musical and literary numbers. There will be dancing, also, it is announced. It is requested that all Oakland residents who have ever lived in Utah attend the meeting, which commences at 8:30 o'clock.

SHOTGUNS HALT MOB FOLLOWING ATTACK ON GIRL

Nearly 100 Persons Checked When Guards Fire Over Heads of Crowd.

BAENSTABLE, Mass., Aug. 19.—An attempt was made to lynch three negroes held in the Barnstable county jail, charged with attacking Miss Gertrude Butler, 20-year-old Barnstable Bay girl, and holding up and robbing her more than a hundred angry men and women here today. Guards armed with shotguns with difficulty checked the attempt and halted the mob by firing shotguns over their heads.

STOLEN AUTO FOUND.

LIVINGSTON, Aug. 19.—A big touring car stolen a few nights ago from the home of T. N. Decker of this place, was found near Modesto, practically unharmed. The car was left by the roadside, evidently having been deserted when the gasoline ran out. It has been returned to the owner.

ALLIANCE IGNORED.

Regarding the information that American participation in the Anglo-Japanese alliance would be welcome, it was stated that the attitude of the government toward alliances was well known.

While officials reserved comment, beyond this diplomats regarded the notions of Lloyd George's speech endorsing renewal of the Anglo-Japanese alliance and the portions calling for a tripartite Pacific understanding as contradictory, although they leave the premier in a position to side either with Japan or America in the coming disarmament conference.

The alliance and the understanding could not help suggest an understanding here pointed out, and it is regarded as certain this country would not become a party to the alliance in its present form.

FRANCE IS THIRLED.

PARIS, Aug. 19.—"After Washington, we will breathe again," Marcel Hutin, famous French journalist, in an interview with the United Press today, declared that he reflected the opinion of France when he said that the disarmament conference proposed by President Harding is being very seriously held.

"The conference must mark the date of the resumption of world security," Hutin affirmed.

FRIDAY, AUGUST 19.

Paulus Hook was captured from the British in 1779. Paulus Hook is a funny name for a man but as a matter of fact he is a place in New Jersey. Harrietta N. Baker wrote more than 180 story books for good little boys and girls. She was born in 1815. Also was born on this day Richard P. Bland (1835), Harold Frederick (1856), and Lillian Bell (1865).

Perhaps you have seen now and then a contribution to this column signed by "Missis Harris." This is to let the Missis know that she is not fooling us one little bit by cutting out the corners of the envelopes in which she sends her copy. The impression of the return address that had been printed on the cover has penetrated to the second leaf and there we have traced "Return to Oakland Tribune." It is plain, as the great detective remarked, that this Missis Harris is an inside job.

AND THIS FROM A JURY. (Petaluma Argus.) Alice Hamel, charged with the murder of John Leis, who died at the Cottage Hospital June 5 from a stab wound inflicted by a jury last Thursday in the Superior Court five minutes after the case was submitted to them.

THE POOR FELLER'S CRYING. O. O. Sir, Girlhood is no more. At thirteen they put up their hair. At fourteen they are psycho-analyzing themselves. At fifteen they write to Gertrude. Yours with lamentation, ARCHIE.

"Keep that schoolgirl complexion," advises the feller who writes advertising for the billboards. Archie, in private conversation, and after years of investigation, opines that they are keeping it—in the right-hand bureau drawer.

A SAD SEA TALE. Sad is the tale of the "Lean Greyhound," That shipwrecked, Norwiche bark, That sailed in silence through the sound Off the coast of the Coney Park.

Cruel was the windlass through With her grip on the captain's heart And her plans to wed, when she quit the ship, A butcher who drives a cart.

Down the mast came a mist of gloom As the captain reeled a snail: A lonely thud—a dull jib boom— And a mournful, low gunwall.

So quite put out he put about And he heaved her, keel and spar, And straightaway set his woe to rout At a nearby capstan bar.

Now he sits at home and shuns the sea Content with his salty tears; With a loving wife and children three Whom he hadn't seen in years.

ME 'N MYRTILLA By Archie ME— Hey, Myrtilla, can the clamor! Cease your knocking, muse your snoring! Bury deep the axe and hammer; Neighbors are but human, darling.

MYRTILLA— Human, say you? Hear him, sisters, We, the weak ones, born to sorrow! Born to bruises, burns and blisters! Neighbors—they are born to borrow.

Tartan Checks! New!

Chalk Stripes!! New!!

Glenn Plaids!!! New!!!

Three distinctly new, and distinctively
excellent, style features in Men's Fall Suits

\$35 to \$60

Besides the favorite 1- and 2-button suits, Roos Bros. are showing the newest models in Tartan Checks, Chalk Stripes and Glenn Plaids—which feature 3- and 4-button coats (buttoning higher than last year) and narrower lapels with small notches. It is obvious to everyone who examines these suits that pre-war quality of fabrics and dyes has again been achieved.

Feel the fabric in any suit here. Inspect the linings. Look at the carefully piped

seams. Examine the superior finishing which results from high-grade hand-tailoring. Realize the care which went into every detail during the process of manufacture. And then realize the service which Roos Bros. render during the entire life of the suit you choose. That service, plus the Roos policy of "Satisfaction Absolutely Guaranteed," goes with your suit whether you pay

\$35 or \$60

*In every case, the best possible suit
at the price you choose to pay*

EASTBAY COMBED
FOR ROBBERS OF
PAYROLL AUTOStolen Car Figuring in Hold-
up Traced to Oakland
On Ferry.

Working on the theory that their quarry is seeking refuge somewhere in the Eastbay region, police detectives and operatives from the sheriff's office are scouring Alameda county today in an effort to apprehend the three automobile bandits, who shortly before 2 o'clock yesterday afternoon held up the automobile of George Helman and Walter Mayers, paying auditors of the American Can Company in San Francisco and robbed them of \$3600.

The search is being personally supervised by Police Chief James T. Drew and Sheriff George Barret. It was reported that a clew had been discovered which might lead to the recovery of the stolen automobile which the police believe has been abandoned.

The robbery occurred at Seventeenth and Howard streets, within view of the Mission police station at Seventh and Polson streets, a block away, during one of the busiest hours of the day. The highwaymen worked with such precision and rapidity that they escaped before either Behan or Mayers, both of whom were armed with pistols, could make any move to frustrate them.

The holdup was witnessed by Miss Esther Bachman, daughter of a merchant at Seventeenth and Howard streets, who was attracted by the grinding of brakes of both cars as they drew to a stop. When she saw the men level their pistols at their victims, she went to a telephone and called the police. Before they were notified, however, the bandits had secured the loot and sped away.

Behan and Mayers were returning to the American Can company's plant at Nineteenth and Harrison streets, San Francisco, from the Bank of California with the payroll when the bandit car which had apparently been following them, drove alongside and crowded the pay car to the curb, forcing it to stop. All of the robbers wore masks made of white handkerchiefs, and two of them, armed with pistols, leaped to the running board of their victims' car and ordered the occupants to put up their hands.

Mayers did not respond quick enough and one of the robbers struck him a sharp blow on the knuckles with his pistol. One snatched the leather satchel containing the money and they then jumped back into their own machine and drove away. They had obtained \$3600 in currency and silver.

The bandits' car had a dealer's license, according to the paying auditors, numbered B-1205.

WOMAN OBJECTS
TO LODGE MEN
ON TRIAL JURYMrs. Alethia Head, Charged
With Insanity, Furnishes
Laughs To Court.

Mrs. Alethia Head, authoress and psychologist, brought to trial yesterday before a jury in Superior Judge St. Sure's court, on a charge of insanity, kept the courtroom astir throughout the afternoon with her examination of jurors. A complement of twelve was secured shortly before 4 o'clock, when Judge St. Sure adjourned the case until Monday morning at 10 o'clock. Mrs. Head was returned to the emergency hospital until that time.

Mrs. Head conducted her own examination, digressing from the ordinary formal questions asked the jurors by Deputy District Attorney Frank Shay. Demanded of every juror religious beliefs, secret society affiliations and charitable endeavors. She refused to accept as a juror any theosophist, any member of a secret society or "professional juror." While Mrs. Head's methods of examination and quick decisions caused some amusement, the jurors were quite apparently impressed, and not unfavorably. Not all the amusement was furnished by Mrs. Head. One young woman juror, recently married, asked by Mrs. Head whether she knew that some men are members of secret orders and keep the fact from their wives, replied, "Well, it would be a pretty hard thing for him to get away with it when I'm around."

Mrs. Head created a stir when she entered the court room, by demanding a glass of water, and refusing to accept it from one attendant because she feared it might be drugged. Judge St. Sure permitted her to send for a sealed bottle of filtered water.

Rats Resent
Loss of Their
Meal Ticket

In dredging for the Fourteenth street causeway across the submerged lands from the western bulkhead line inward, Commissioner Carter has struck a rat problem which, it is admitted, is taxing the ingenuity of the harbor experts to solve.

The western waterfront garbage dump, it is discovered, has furnished a living for whole tribes of rats for years past. The rats have grown fat, sassy and truculent, filled with high esteem for their own importance and willing to fight for it.

The new dredging operations are throwing sand and silt upon the dump. The Fourteenth street causeway is already half way across the garbage dump and splashes upon the best feeding ground of the rats. That the rats resent this is shown by their threatening appearance in the past few days.

Carter is faced with the problem of getting rid of them, and not driving them inland to the city proper. Carter believes that most of the rats will be drowned but this is doubted by ratologists, who assert that the rats, because of an uncanny instinct of self-preservation, are likely to migrate before the dredger can dump mud on them.

A battery of cats, he thought, might constitute a Western Front, working on the principle of "They shall not pass," but the ratologists assert that one of these big wharf rats will chase an ordinary tomcat up a tree.

"It may come to a matter of chloride of lime and rat poison," says Carter. "The rats must be exterminated. We are working on the problem now."

ENGINE WORKED
GOOD EVEN IF
GARAGE WRECKED

ALAMEDA, Aug. 19.—Carl Neilson was working upon a flyover in his garage on Central avenue. Thinking to give the engine a try-out he climbed aboard and threw in the clutch, forgetting where he was.

The moment the gears meshed the flyover jumped ahead, but it was pointed toward the rear wall of the garage. The front of the car struck the wall full force and kept right on going.

When Neilson finally realized what had happened he found himself on the outside with part of the rear wall draped about himself and the flyover. The rest was scattered about the back yard. The car had to return again for further repairs.

Anyway, the engine was working good," is Neilson's comment.

U. S. ACTS TO BRING BAY BOYS HOME

Word that the United States government has acted to ameliorate the condition and effect the release of twenty-four California shipping board cadets stranded at Manila since March 16 without money or proper clothing is contained in a telegram from United States Senator Hiram W. Johnson received today by Mrs. H. W. Roos, 672 Fifteenth street, mother of one of the boys.

The cadets sailed from San Francisco on the famous steamer Nonagahela January 23, 1920. Subsequently the vessel was sold to the Fox company by the shipping board. The company failed, a receiver was appointed and the ship was tied up awaiting orders. Previously the vessel and its crew had undergone a trying experience when it lay becalmed for three months in the China seas, having been sighted and towed to Manila by another ship when it was down to its last days' rations and one week's supply of water.

Although the cadets had considerable money coming to them in wages, neither the government nor the Fox Company would pay them, because of complications over the responsibility for the debt, and the youths could not return home, even if money were sent them privately, with jeopardizing their wages, because of the rule requiring a cadet to return to the home port before being discharged. It was stated that conditions as to clothing grew so bad that few of the cadets could go ashore without borrowing garments from their fellows to make up an outfit.

Mrs. Roos, who is associated with the county library, wired yesterday to Senator Johnson, a personal friend, and to Secretary of Commerce Herbert Hoover, urging that relief be extended to the boys, among whom is her son, Eugene Roos, and today received the following from Senator Johnson:

"Shipping board cabled Manila August 16, directing return of Roos and other cadets by first available transport, at expense of shipping board. Believe transport will leave Manila within a few days."

Of the 24 California cadets nine are from Alameda county. Besides Roos they are: Wesley Trueman, Piedmont; Paul Lo Prest, Ellis street, Berkeley; John Bordenave, 2333 Clement avenue, Alameda; Harold Cook, 1530 Santa Clara avenue, Alameda; Walter Gadda, 2110 Pacific avenue, Alameda; Tom Straughen, Alameda; Everett Berry, Livermore; Joseph Rosales, Livermore.
